Before healing others, heal yourself-
The Gambia

Project S.A.F.E. Is a three session small group intervention aimed at reducing incidence rates for STD and HIV infection among African-American and Hispanic women aged 18-24. African American women in the Miami area, who are between the ages of 18 and 24 are needed. If you are interested in participating, please contact **Virginia Muñoz** at (305)470-6942.
