

Wash Your Hands

By Amy Tejirian

Wash your hands
After you sneeze or cough
When you wash
It keeps all those nasty germs off

Wash your hands
Before you cook meat or any treat
Don't forget to wash
Before you eat

Wash your hands
After visiting the bathroom
You can wash
Using a soap with sweet smelling perfume

Wash your hands
When you come home
To properly wash
Scrub'em well and use lots of foam

Wash your hands
It's important to do
How long should you wash?
Sing Happy Birthday times two

Healthy Stories is proud to announce the inclusion of children's poetry in our 2009 edition. If you would like to submit a poem, please email to Amy Tejirian. Thanks.
